

Cautiouscoin Whitepaper

Introduction

Cautiouscoin (CAUT) is more than a cryptocurrency-it is a symbolic representation of restraint, wisdom, and guardianship. Inspired by the ancient legends of the Seven Guardians, CAUT functions as a decentralized, community-governed token on the Polygon network.

Token Overview

Name: Cautiouscoin

Symbol: CAUT

Network: Polygon (POS)

Contract Address: 0x851AcB68afA6EE3F4F1af191609B67645C3eFe27

Decimals: 18

Total Supply: 1,000,000 CAUT

Mission

CAUT is designed to promote a culture of intelligent restraint in a world driven by impulsive markets. It empowers holders to embrace logic over hype, long-term thinking over short-term gains.

Vision

Our vision is to build a decentralized ecosystem where every transaction echoes the wisdom of the Seven Guardians. A community that values knowledge, purpose, and responsibility.

Lore Integration: The Seven Guardians

1. Selor the Unspoken - Guardian of Thought
2. Myra of the Still Blade - Guardian of Peace
3. Kova the Unopened - Guardian of Secrets

4. Varrik the Ember - Guardian of Anger
5. Ivas the Patient - Guardian of Time
6. Ryn the Diverter - Guardian of Impulse
7. Kael the Archivist - Guardian of Balance

Each Guardian represents a core principle and is reflected in the long-term design of the CAUT token ecosystem.

Token Utility

- Governance: CAUT holders will vote on protocol decisions and ecosystem development.
- Treasury Access: Only holders with enough staked CAUT can propose treasury actions.
- Lore Voting: Community votes on the evolving storyline of the Guardians.
